

St. Michael's Church Galleywood Newsletter, July 2017

“Jesus, teach us all to love”

In addition to the notice sheet, the PCC and Ministry Leadership Team recently suggested that we should have a periodic newsletter. This is to share all of the wonderful things that happen during the week at St Michaels. Items for the newsletter should be sent to Amy Baptiste via amz_wilson@hotmail.co.uk. The newsletter will be sent out bi-monthly.

Village Market

St Michael's Church take a turn in providing and serving refreshments at the Village Market, with students from

Thriftwood School keenly assisting with the washing up.

The Village Market not only provides outlets for Thriftwood and other entrepreneurs to sell their wares but also a meeting place for a friendly chat and a cuppa!

Design Award

Derek and Ann receive a design award for the building project from the Bishop on all our behalves.

Upwards

Upwards youth group have had lots of fun on Thursday evenings from 7.30 creating giant bubbles, toasting marshmallows and having a huge water fight for their final get together of the academic year

St Michael's Wednesday Fellowship

This afternoon, June 7th 2017, thirty plus members of Wednesday Fellowship had a really great time creating a beautiful table decoration each to take home, under the

guidance and advice of Margaret Frost and all the talented St. Michaels Flower Team. It was an uplifting afternoon for all our members and all the arrangements were different from each other, which was brilliant!

We have one more meeting before the Summer break and on July 5th we are having our usual Summer Party with Strawberries and cream to round off another varied and happy programme. Each month we incorporate a short

act of worship - sometimes longer, as at Christmas when we have carols and mince pies and entertainment from our 'team' but the overall aim is to make everyone feel part of our fellowship and welcome.

Janette Gibson

Goodbye Polly and Matt

We said a sad farewell to Polly and Matt with a 'bring and share' lunch. Thanks to Mandy and Colin for hosting such a fun afternoon.
